

SEAWIND 1600

**SEAWIND**  
CATAMARANS

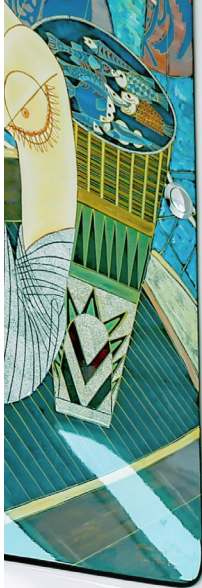

## Performance without compromise, comfort beyond comparison

The Seawind 1600 is an unparalleled performance cruiser with impressive performance capabilities, elegance and sophistication, designed for those with ambitions of fast cruising in comfort and style. With over 30 years of Australian catamaran design and manufacturing experience you can rest assured that no detail has been spared in this new flagship model of the Seawind range.

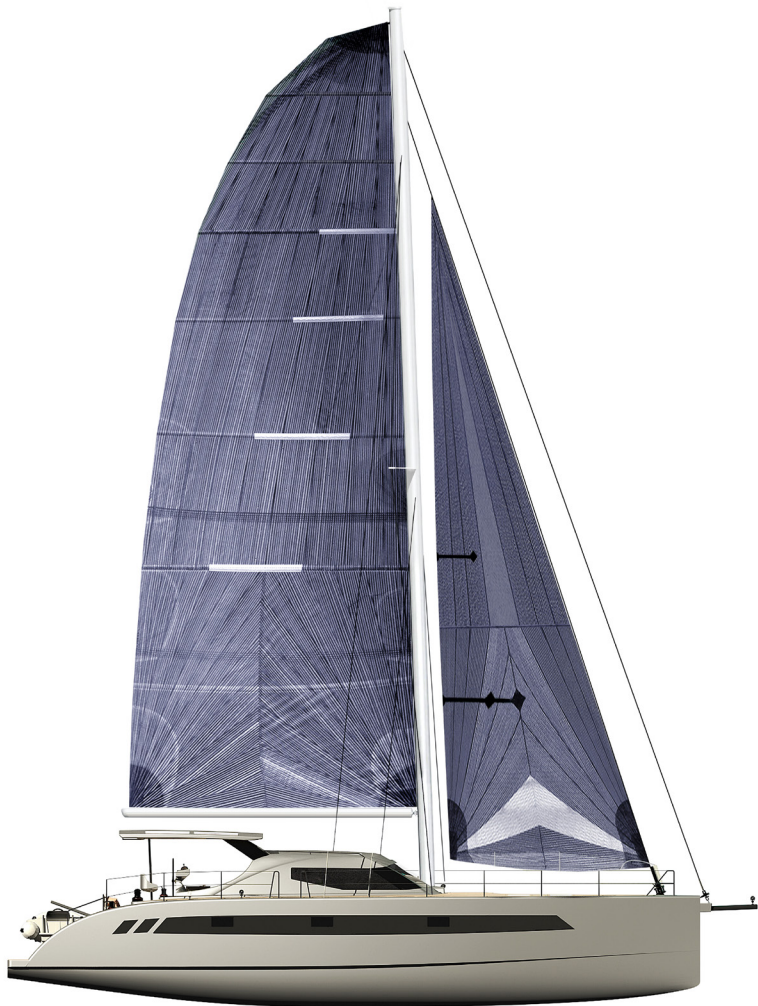

## Individual styling with customizable finishes

Show stopping paint colors, optional timber finishes and customizable artwork are just some of the ways you can personalize your Seawind 1600.
